PROFESSIONAL SUMMARY

Detail-oriented PHP/Laravel Web Developer experienced in SaaS product development and full-stack web applications. Strong proficiency in backend development, REST API integration, email queue processing, and AWS deployment. Interested in DevOps and cloud computing, with focus on building scalable, secure, and high performance systems.

PROFESSIONAL EXPERIENCE

Junior Developer

Soul Creationz — Malaysia | Aug 2025 – Feb 2026

SaaS Invoice Management System

- Developed and enhanced a multi-tenant SaaS invoice application using Laravel.
- Implemented asynchronous SMTP email processing using Laravel Queues.
- Integrated REST APIs with LHDN (Malaysia Tax Authority) for tax submission and validation.
- Improved performance, reliability, and scalability through backend optimization.

Event Vendors Management Portal

- Built a complete vendor management web platform for event-based businesses.
- Developed UI components using DataTables.js, Select2, jQuery, and jQuery Validator.
- Managed complete backend including authentication, workflows, and reporting.
- Deployed application on AWS EC2 and managed version control using Git.

WordPress website

- Developed and maintained dynamic WordPress websites using **Advanced Custom Fields (ACF)** for flexible content management without creating custom themes.
- Implemented **event management systems** with dynamic fields including event name, type, date, venue, pricing, images, and descriptions
- Designed **newsletter registration workflows** using Contact Form 7, storing submissions in Flamingo for admin management.
- Used **Code Snippets plugin** to safely add and manage custom PHP functions without modifying theme files.

TECHNICAL SKILLS

Programming Languages: PHP, JavaScript, Python

Frameworks & Libraries: Laravel, jQuery, Bootstrap, React.js (Basic)

Web Technologies: HTML5, CSS3, REST APIs

Databases: MySQL, SQL

Tools & Platforms: AWS EC2, Git, Docker (Basic), Linux, Wordpress, Shopify

Interested in networking and cloud computing

EDUCATION

Bachelor of Computer Science

Government Arts College (Autonomous), Coimbatore | 2022 – 2025
CGPA: 8.2 / 10

Higher Secondary (Computer Science)

Sharon Matriculation School, Thoothukudi | 2020 – 2022
Percentage: 85.33%

CODING PROFILE

LeetCode: Active competitive programming and problem-solving practice.

PROFESSIONAL SKILLS

- Strong written and verbal communication skills
- Team collaboration and adaptability
- Curious learner, actively exploring backend features and system design
- Problem-solving and debugging skills
